SUMMARY

Nurse turned tech enthusiast looking to use my multidisciplinary and unique design skills to navigate the gap between technology and the user. Through my travel and occupation, I've been able to communicate ideas across multiple barriers, and I am looking to do this in partnership with APNA

SKILLS

- Web Design
- Design Thinking
- Wireframing
- User Research
- Rapid Prototyping
- Project Management
- HTML
- Figma

EXPERIENCE

REGISTERED NURSE

Carer's Network
